Bust the blues and boredom away
with PREPPI'S *Smart and Snazzy*

STAY-cation Summer Series

for Preschool and Grade School children

titled “i am a child”.

made for the child • with the child • by a child at heart

i am a child Workshop

Each Summer Course is power-packed with tons of oozing fun *play with a purpose* activity designed to positively impact the character of your child. These lessons go beyond the grades. We will not drown your child with drills and loads of lectures but with our own flair of **PEP** Talk – **P**ositive **E**steem **P**oppers that are productive and promote real practical achievements in everyday life. Preppi's **Summer Offerings** are sure-fire character developers that teach theories and truths and provide the immediate realistic platform to practice life skills in the present.

Each professional training course was crafted by true-blue professionals who are also licensed and experienced educators. Each course style and content is perfectly suited for the developmental level of children which contributes to their wholesome character development and cognitive and social progress. The **Summer Offerings** are highly **educational** yet **effective** and **entertaining**.

What's so special about these Summer Offerings? Each parent will have the opportunity to partner with our Preppi Consultant to *customize the training* to *meet the need* of his/her child.

Preppi tackles the theories and concepts so that the child will learn to live right. Such is the purpose of all Preppi Course Offerings. Practice makes perfect and Preppi is THE Playground to practice reality-based life skills in a fun way. Focus is on **functional literacy**.

Weekly Themes

Preppi is the perfect playground for developing young minds where reality and imagination happen and motivation is at its peak.

Different **weekly themes** and course offerings are available this summer with varying schedules. There are **Daily Runs** and **Weekly Specials** both for Preschool and Grade School. There are also Preppi Package Deals for a **Whole Day Preppi Affair**.

Each week, Preppi transforms into a different and stimulating environment from **April 10 to June 1**. Imagine your child traveling to a different world every week. Imagine no more!

Your child is encouraged to come to Preppi following the theme for the week. Your child may opt to come on a daily thematic outfit or wear his/her best theme outfit on Friday. Friday Fun is the end of the week culmination of each week's theme celebration. This is D-DAY when your child is most encouraged to come in his/her get up galore as the theme dictates.
